

THE AUTHOR

Two near-death experiences before she was a teenager—and a passionate, inquisitive spirit—propelled Sheila Keene-Lund into a many-faceted exploration of the true nature of reality. Raised a Catholic, she soon began to delve into other paths and practices, including Transcendental Meditation, which she taught for 15 years. In 1992, during a period of intensely questioning the validity of her beliefs, she found *The Urantia Book*. Attempting to disprove its claims and concepts, she instead discovered its astonishing capacity to integrate teachings on personal spiritual evolution with a vastly enlarged perspective of cosmic citizenship.

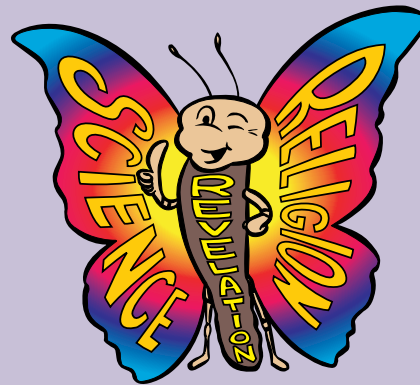

A lively teacher with a fresh message, Sheila is in demand for speaking engagements and leads classes and workshops on the practical application of the extraordinary principles in *Heaven Is Not the Last Stop*.
